About Me?

I have two boys between the ages of 14 and 16, I like to spend my free time in the gym working out. I have been in care for 11 years and I love looking after people! In my last care job, I was looking after people with brain injuries, care is a very rewarding job to do.

My spare time is often taken up with the children and animals, but I do enjoy relaxing watching trashy TV curled up on the sofa or spending time outdoors or with my friends for a catch-up!

I am trustworthy and will always do what I can to help others. I think trust is a major part of mutual respect, and I hope we can have both. I love helping others and working to bring out the best in others.
